2010 Sea Ice Flights

1) Thule to Fairbanks additional “ice arch” “Barrow fast ice” (repeat)
2) Fairbanks to Thule no additions due to time and light conditions (repeat)
3) Fram Strait (repeat) Iceland possible
4) Zig Zag North Greenland (modified repeat extended north)
5) Zig Zag North Ellesmere (new flight plan and will be finalized days before)
6) EnviSat (modified repeat depending on orbit) (Fairbanks also?)
7) Transpolar Drift LVIS Jamie Morison Pole (NPEO) (new flight plan)
8) Baffin Bay/ Barrow Strait (new flight plan)

Note: investigate Easter Danish holiday Thule work schedule:
(perhaps do Fairbanks that weekend and perhaps add EnviSat line from FB)
