Kiruna is about 90 minutes by air from Stockholm. There are two direct flights each day between Stockholm's Arlanda airport and Kiruna on SAS Scandinavian Airlines.

Additional flights are available connecting through Lulea, but have very long lay-over times. For current fares and times, phone SAS at 800-221-2350, within Sweden at 020-727 727, or check out their web site at www.sas.se.
